25 YEAR RE-REVIEW

STORES 25X1 25X1 In mid-October, the Tauentzien Kaserne and the municipal installation on Arsenal Platz were occupied by about 550 soldiers who wore red-bordered black epaulets. All windows were lighted at dusk. Ten T-43 tanks 25X1 about 22 BA-64 armored scout cars armored cross-country vehicles including 10 new M-3 three-axle vehicles, 6 AT guns and about 120 motor vehicles were parked at the barracks installation, at the municipal installation and in the contonment on Nordend Strasse. Troops in the barracks installation engaged in driving practice with motorcycles and close-order drill at group level with and without arms. The supply depot in the Tauentzien Kaserne also supplied the units in the Jeseler Kaserne, the Flak Kaserne and the Arado plant. New trucks and sedame identified in mid-October 25X1 7. In mid-October, the Beseler Kasurne was occupied by about 1,100 troops who wore red-bord-red black epaulets. Tanks ad SP guns were seen en route to the training area. Troops in the installation received class-order drill at group level with and without arms. Other soldiers received technical instruction at the tank sheds. They changed tank tracks, bogie wheels, etc. T-43 tanks belonging to the barracks installation 25X1 JS-1 tank and SU-249 were also identified. Notor vehicles identified as belonging to the Seseler Kaserne in mid-October included radio truck 25X1 Comment. Compared with another report covering the period until 7 October, the strength of occupation has allegedly not been changed prior to 13 October. 25X1 mentioned in the present report, the 51st Gds Tank Rogt and 78th Gds Hv Tank SP Regt can still be assumed stationed in the Beseler Kaserne, the 3d Gds Ktrcl Bn in the Tauentzien Kaserne, and the unidentified
